#### Windsor Castle

Windsor Castle, the largest and oldest occupied castle in the world, is one of the official residences of Her Majesty The Queen.

The magnificent State Apartments are furnished with some of the finest works of art from the Royal Collection, including paintings by Rembrandt, Rubens, Canaletto and Gainsborough.

In 1992 fire destroyed or damaged more than 100 rooms at the Castle. By good fortune the rooms worst affected were empty at the time, and as a result, few of the Castle's artistic treasures were destroyed. The highly acclaimed restoration work, completed in 1997, is a testament to the extraordinary skills of some of the finest craftsmen in Europe.

From October to March visitors can also enjoy George IV's private apartments (the Semi-State Rooms), among the most richly decorated interiors in the Castle.

During August and September the East Terrace is open to visitors. Overlooking Home Park and the rose garden created for George IV in the 1820s, it offers views of the East façade of the Castle, not normally visible to the public.

St George's Chapel is one of the finest examples of Gothic architecture in England. Within the chapel are the tombs of ten sovereigns, including Henry VIII and his third wife Jane Seymour, and Charles I.

#### Conquer the Tower tours: Important information

For safety and security reasons, visitors are not permitted to take bags into the Round Tower. Bags must be checked in at the Castle security cloakroom. Please ask a Warden to direct you to the cloakroom.

Photography is permitted at a designated viewing point at the top of the tower. Mobile phones and cameras must be switched off and kept out of sight for the duration of the tour, except at the designated viewing point.

There are no lavatories in the Round Tower. Lavatories elsewhere in the Castle are shown on the map on the Visitor Information leaflet.

The tour may not be suitable for all visitors.

It requires a degree of good health and fitness, as you will be climbing 200 spiral steps in a restricted space. Sensible shoes must be worn. Flip flops are unsuitable.

The tour is unsuitable for those suffering from vertigo (fear of heights) or claustrophobia (fear of small spaces).
